LICENSEES ARE HELD FOR COURT ON FOUR COUNTS

The three licensees of the Bar 30 taproom, near New Oxford, were held for court Thursday afternoon following a hearing before Justice of the Peace Robert P. Snyder on a four-count charge of selling intoxicants to minors.

Each of the defendants, Mr. and Mrs. John F. Funk, New Oxford R. 1, and Myles S. Eisenhart, York R. 6, furnished $500 bail for court.

Much of the defense testimony was to the effect that Eisenhart had never been an active partner in the business, and that since May he has sought to have his name removed from the license.

It was said that Eisenhart had been one of the licensees because of his financial support at the begining of the operation, but when he had been repaid last May steps had been taken to relieve him of his connection as a partner. He said that such change had been made in the various other business papers of the firm but that the Pennsylvania Liquor Control Board had not as yet acted to remove his name from the license.

Dismiss Motion

Justice Snyder held that "since all three names appear on the license, and there is evidence presented that minors have obtained intoxicants at the premises, the only thing I can do is to hold all three for court and let the court decide." He then dismissed a motion made for the defendants by Attorney Eugene R. Hartman that Eisenhart's name be dropped from the charges.

Three men, all under 21, said they purchased drinks at Bar 30.

Benjamin James Bair, age 16, Hanover R. 2, a student at Hanover Junior High School, said he bought beer at the Bar 30 on several occasions prior to April 3. He said that "the day before the accident" John F. Funk had asked his age and had refused to serve him drinks when he could not "show a card." The next day, however, he said he returned to the Bar 30 with two other youths and purchased beer. Bair and another youth were involved in an auto accident that evening at Edge Grove.

William L. Muntz, 19, Hanover, a shoe factory worker, testified he puchesed a mixed drink at the Bar 30 on the night of August 23. He was with a group, he said, that included Eugene Klinedinst who was fatally nijured in an auto accident after the group had left the taproom.

Muntz said he drank one drink at Bar 30 and that is was the only drink he ever bought there.

Herbert W. McDonald, 19, Hanover, a paper factory employe, said he purchased a bottle of beer at Bar 30 August 23 and was in the group with Klinedinst.

Babies Caused Long Leave

PLYMOUTH, England (AP)—Gunner Bartholmew Meehan received 14 days compassionate leave from the British army to visit his wife and their new baby in 1951. He came back six years later.

At a court-martial yesterday on a charge of desertion, Meehan said he just coudn't seem to get away from his wife.

When he wanted to give himself up in 1952, she disclosed that she was going to have another baby. The same thing happened in 1953—and again in 1954, 1955 and 1956.

Upon learning that no child was expected this year, Meehan told the court, he surrendered to the military police.

The sympathetic court let the penitent father of six off with a sentence of one year's detention.

PLASTIC LUNG GIVEN FIREMEN BY LOOM LODGE

A plastic "artificial lung" for use "of all persons who may need it" was presented to the community Thursday evening by the Gettysburg Moose Lodge. The Gettysburg Fire Department will serve as custodian of the equipment.

The lung replaces a metal lung purchased by the Moose a number of years ago and turned over to the firemen as custodians. That lung had been used a number of times in connection with emergencies in the county but was replaced because of greater ease in using the plastic lung and additional features of the new lung which permit its use in more cases.

Judge W. C. Sheely said at the presentation: "Tonight we have been privileged to witness another demonstration of community spirit and community responsibility as the Gettysburg Lodge of Moose makes this plastic lung available to all of the people of the community.

Makeup Of Ideal Community

"The first to use it may be you or it may be me, or any one of us, or it may be the stranger within our gates. We hope no one will ever need it, but when they do, it is here and ready for use, made possible by the generosity and public spiritedness of this lodge. The lodge is to be commended, not only for this gift to the community, but also for the thoughtfulness and the spirit which prompted it. They were not solicited to make his gift. No one suggested it to them. It was their thought and they have carried it out. As a result our community is richer and better able to meet any emergency which might arise.

"Many things go to make the ideal community. In fact they are so numerous that it would probably be impossible to list them all. But if we were to define some of the things we would look for in the ideal community we would think in terms of churches, schools, homes, employment, good streets, fire and police protection, hospitals and medical care, libraries, recreation, newspapers and a host of other things of that nature.

"But all of these things are material and would not exist, or could not persist unless we add a most important intangible factor, and that is community spirit and community responsibilities.

Depends On People

"Beautiful church buildings are a mockery to religion unless they house congregations devoted to the cause of religion and which feel a responsibility for the work of the church. Modern school buildings will not provide good education unless they are staffed by competent teachers supported by a community that recognizes its responsibility for the education of its children.

"In short we cannot have a good community unless the people living there have an interest and a pride in their community and feel a responsibility to do something about it in the way of helping others.

Mutual Responsibility

"Our lives today are terribly complicated. There was a time when each man or each family had to be self-sufficient and had to rely on themselves for everything in life. Today we are dependent upon others for everything that enters into our daily living. The many things we take for granted every day — light, heat, clothing, food in stores — are there as the result of the labor of others.

"The result is we live in com-

EISENHOWERS COME TO FARM FOR WEEKEND

President Dwight D. Eisenhower arrived here at 9:44 o'clock this morning for a long weekend at his farm home and found the conditions ideal for a round of golf.

The President and George E. Allen, of Gettysburg R. 2 and Washington, were on the Gettysburg Country Club golf course by 10:30 o'clock.

Traveling in his light two-engined Aero Commander, the President left Washington at 9:18 o'clock this morning and greeted a dozen people, mostly Secret Service men and a few reporters, at the airport with a smile.

While the President and White House physician Col. Walter Tkach, who accompanied the President, got into the auto awaiting them, one of the Secret Service men removed the Presidential bag of golf clubs from the plane and placed them in the trunk of the President's sedan.

Mamie Coming By Car

Garbed in tan trousers, a brown coat, brown hat and beige sweater, the President as he left the plane looked trim and fit after his vacation in Newport.

Hoffa Takes Early Lead In Vote In Miami

MIAMI BEACH, Fla. (AP)—James R. Hoffa today led two other candidates by better than two to one in early convention voting for the Teamsters Union presidency.

The first 335 votes out of the total 1,754 were cast this way: for Hoffa 235, Haggerty 30, Lee 70.

Among the early voters for Hoffa were practically all the union's top officials.

Two Opponents

Hoffa, charged with union corruption by the AFL-CIO and Senate Rackets Committee, was opposed in the convention rollcall by Vice President William A. Lee and Thomas J. Haggerty, both of Chicago.

The rollcall was expected to last several hours.

Hoffa's name was put in nomination by John English, veteran union secretary treasurer, who called Hoffa "The champion of the Teamsters."

"Time For Appreciation"

English said the convention met at a crucial time for the union—with agents, he said, of the FBI, Senate Rackets Committee and the AFL-CIO here keeping tab on what went on.

English said Hoffa had done more for the Teamsters than anyone else in union history and although the union faces "a little trouble here and there, he'll take care of that.

"Now is the time to show Jimmy our appreciation," English said.

Principles First

Haggerty was nominated by Peter J. Hoban, Chicago. Hoban declared his man always puts principle ahead of money. He said the union today stands before the court of public opinion and all organized labor wants Hoffa defeated.

Thomas J. Mahoney, Chicago, nominated Lee. With Lee as president, Mahoney said, the union's present scandals will be cleared away "and this union can again hold its head high."

Missing Boy, Grandmother Are Found Dead In An Old Unoccupied Home, Both Shot

LOS ANGELES (AP)—A 9-year-old boy who had been missing since Wednesday was found shot to death in an unoccupied house last night. Lying dead next to him was his crippled grandmother, who loved and wanted him as her own.

Police said she apparently killed him, then took her own life.

Young Ronald Barrett White was found lying in an upstairs bedroom of the deserted home with a bullet in his back. The grandmother, Mrs Allene Durston 58, had a bullet wound in her head. Police said a pistol was clutched in her hand.

The boy's father, Thomas M. White of suburban Reseda, said Mrs. Durston had taken care of Ronald in his early years and was "all wrapped up in the boy."

Took Boy 2 Months Ago

This was the second time in a little more than two months, police said, that Mrs. Durston had spirited the boy away. On July 24, they said, she left a note saying she was "taking the boy for my own" and going on a trip with him to Mexico and Colorado. The note said she was suffering from cancer of the hip and didn't have long to live.

She was stopped on that occasion, officers said, shortly after she drove away with the boy in a taxi. No charges were pressed.

Ronald's mother, Mrs. Evelyn D. White, reported the boy missing Wednesday when she learned he hadn't arrived at school that day. She said she feared her mother might have taken the boy away.

Grandmother Lived There

Police began searching for the youngster but there was no trace of him until Mr. and Mrs. Walter Larson Jr. went to the abandoned house last night to remove some light fixtures. Mrs. Larson's mother had lived in the home until about a month ago. The house is in Woodland Hills, a San Fernando Valley community not far from Reseda.

Plan World Flight Across Both Poles; Memory Of Byrd

WASHINGTON (AP) — Plans for a round-the-world air flight crossing both South and North poles, and named in honor of the late Adm. Richard E. Byrd, were announced today.

It would be the first such crossing of the bottom and top of the world in a continuous series of hops, said Cmdr. Frederick G. Dustin, USN, Washington, an antarctic veteran and close friend of Byrd's. Byrd had flown over both poles in separate expeditions.

Dustin said the flight, financed by a group of businessmen, is scheduled to leave Boston about Nov. 10.

One leg would take the crew and sponsors on a never-before-attempted flight from Punta Arenas, Chile, over the South Pole to McMurdo Sound in the antarctic — a distance of nearly 3,500 miles. Dustin said permission had been asked to land and refuel at McMurdo, site of the U.S. air base supporting American antarctic activities during the International Geophysical Year.

Dustin announced this planned itinerary:

Boston to Trinidad, to Buenos Aires, to Punta Arenas and McMurdo Sound. Then to Christchurch, New Zealand; Melbourne and Darwin, Australia; Manila; Tokyo; Anchorage, Alaska; and then over the North Pole to Thule, Greenland. From there to London, Frankfurt, Paris and back to Boston. The flight is expected to take at least two weeks.

BLOCKADE MAY STARVE REBELS IN SAN MARINO

SAN MARINO (AP)—Italy's tight blockade threatened today to starve San Marino's Red leaders into submission. They are locked in a fight with anti-Communists.

Food stocks were getting low as Italian police blocked all seven roads into the world's smallest republic. One public market already had closed because it had nothing to sell. The other had only a few potatoes, tomatoes and grapes.

What food reached the 38-square-mile country and its 40,000 people was smuggled in at black market prices by persons skirting the roadblocks and sneaking across the fields at night. Italian police brought up two tanks to the border again last night and used their searchlights to spot smugglers and infiltrators.

Reds Are Shaky

San Marino's Communist government still had 70 armed militiamen inside the old stone government house, but was feeling shaky. Gino Giacomini, 72-year-old foreign minister, told a news conference he had messaged Italian Premier Adone Zoli proposing that an Italian parliamentary commission visit the country. He promised the Red regime would step down if such a commission decided it should.

This brought a scoffing rejoinder from the anti-Communist committee of four that has set itself up as a government in an abandoned factory, only yards from the Italian frontier, where it has enlisted 50 machinegun-carrying volunteers as a guard.

"Just another balloon," said Zaccaria Savoretti, a member of the committee. "The Communists have no authority to ask anybody to come in to investigate. All the Communists have to do is just leave the power they are retaining unlawfully and they will have to do that very soon."

John F. Richardson, 35, New Oxford R. 2, was treated for a fracture of the right index finger which became caught in a corn picker.

FIRE CHIEFS TO INSPECT MORE COUNTY SETUPS

Plans for further study of communications and fire call systems in other counties were outlined Thursday evening at a meeting of the Adams County Fire Chiefs' Association at Cashtown.

Roger Myers, Fairfield chief and chairman of the study committee, said he anticipates visits in the near future to Waynesboro and Carlisle where new systems are in operation. Myers also reported on a trip to Fairfax, Va., by the committee to study the installation there.

"We saw the best at Fairfax, a system that is expensive but can be afforded by a county with a population of nearly a quarter million people. Next we will visit areas more comparable to our own, because we cannot expect to duplicate Fairfax's system. But there are a few things there that we can adopt to our county's use. We hope to find more ideas in our visits to other counties and eventually come up with a plan that will work in our county, without costing more than we can afford."

THREE HELD IN GAMBLING CASE

Harold J. Nace and George F. Ginter, both of Hanover, and Amelia A. Livelsberger, East Berlin R. D., posted bonds of $1,000 each for their appearance in the York County Court on two gambling charges to which they entered pleas of not guilty at hearing Thursday before Jusice of the Peace George A. Lippy, Hanover.

The charges were filed by Pennsylvania State Police from York and Harrisburg and were the outgrowth of a raid made August 13 on Harold's Cafe, Hanover, and at the home of John W. Young, East Berlin R. 1.

The case against Young, charged with bookmaking and conspiracy to do an unlawful act, was continued until later. He is a patient in the York Hospial.

The state police charged Nace with setting up and maintaining a gambling establishment and with conspiring to do an unlawful act. The later charge was filed against Ginter and Miss Livelsberger along with a charge of bookmaking.

The officers testified that they found money and slips in a drawer in the cash register at Harold's Cafe, and betting memos and money on both Miss Livelsberger and Ginter. In a search of the Young home, they found records supporting the evidence found on each of the defendants, they said. Young's bail was continued.

Charlottesville; Tuesday at Williamsburg; Wednesday at Williamsburg and Jamestown; Thursday in Washington.

Come Here October 18

Friday morning at 11 o'clock the motorists will arrive in Gettysburg, tour the Battlefield and have a luncheon at the Horse 'n Buggy museum, then continue to Hershey where it will end on October 20.

Club members have painstakingly restored and manitained cars that are virtually unknown to America's newer generations. There will be Stanley Steamers, one-cylinder Curved Dash Oldsmobiles, Stutz Bearcats, Maxwells, Pierce Arrows, high-wheeled Sears Roebucks, and a host of others. Many of the cars on tour are the only example existing today of a once-popular automobile.

The Firestone Tire and Rubber Company has helped make the tour possible by manufacturing new tires in the original antique sizes. A Firestone truck with tires and tubes will accompany the tourists; a similar service was provided to the original Glidden Tours that were held in 1904 to 1913.

To cheer the antique automobilists and their gas- and oil-hungry cars driving from as far as Texas, California, Vermont Florida and Canada, Esso stations and affiliates are providing free gas, oil, and services throughout the country.

The Glidden Tour's original sponsor, the AAA, is assisting in the program of the 1957 Revival Glidden Tour.

The tourists while visiting Williamsburg are expected to participate in a special review for England's Queen Elizabeth on October 16.

The Revival Glidden Tour commemorates the famous tours that are credited with popularizing motor travel and the beginnings of America's paved highway system.

munities of mutual responsibility wherein each contributes to the well-being of all.

"What our community is then depends upon the spirit with which each of us assumes our responsibility for the welfare of all. We can no longer think in terms of self-sufficiency and of our own welfare alone.

"Tonight we again see a club demonstrating its community spirit and accepting its community responsibility by making this piece of equipment, which may mean the difference between life and death for someone, available for everyone.

"And it has wisely made the equipment available by putting it in the hands of an organization devoted to the ideal of community spirit and responsibility — the fire department.

Burgess Presides

Irvin Seilhamer, governor of the Moose, opened the presentation ceremony by introducing Burgess William G. Weaver, past president and chief of the fire department and member of the Moose, who served as master of ceremonies.

Dr. Bruce N. Wolff and Dr. Roy N. Gifford, surgeons at the Warner Hospital, spoke of the "outstanding record the Moose and firemen have made in serving the community" and said the lung will "be put to good use in many instances."

Dr. David Stoner and Dr. Gerald of K. Doo were also introduced.

Chester Steffen, Selingsgrove, state director of the Loyal Order of the Moose, termed the gift of the lung "in keeping with the basic principals of the Moose. The Moose was founded to fill a need which every one knew existed, but everyone hoped would not be needed by them—a place to provide a home for the orphans of members, Mooseheart. Similarly the Moose established Moosehaven for aged members of Moose with the hope that no one would ever need it, but in the full knowledge that many would and that it would be available when needed."

Give Demonstrations

Governor Seilhamer and Robert S. Neary, chairman of the Civic Affairs Committee of the Moose, made the presentation of the lung which was received by Harold W. Culp, president of the Fire Department, and Donald W. McSherry fire chief, as custodians of the lung for the area.

William Mullikin, of the Mullikin Co., Washington, D. C., makers of the lung, demonstrated its operation to the 25 members of the ambulance squad of the fire department present for the presentation.

The program was arranged by the Civic Affairs Committee of the Moose, Robert Neary, Daniel Miller, Moose, Robert Neary, Daniel Miller and Jacob Small, aided by the officers of the fire department.

ASK MOLLET TO FORM CABINET

PARIS (AP)—President Rene Coty today asked Socialist Guy Mollet to form the next government of France.

Mollet neither accepted nor refused. He said he would examine the possibilities of forming a government and promised to give his answer within a few days.

Political observers had predicted Mollet would get the nod to succeed Maurice Bourges-Maunoury, who resigned this week after the National Assembly rejected his move to end the Algerian rebellion by giving the North African territory limited homg rule.

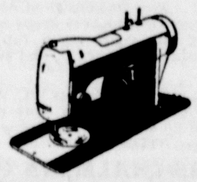

These same observers predicted also that Mollet would refuse Coty's offer, and that the President's choice then would be eiter Rene Pleven or Robert Scuman. Bot are moderates, advocates of a United Europe and two-time premiers.

Mollet told reporters he was "rather sketptical" about his chances of forming a cabinet.

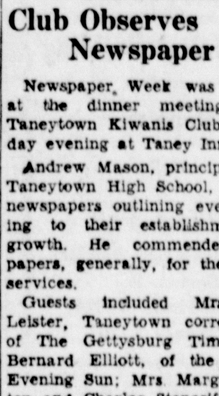

"No new element as appeared since I was trown out of office some months ago," he said. But he said Coty had insisted, and he would try.

Drained crushed pineapple and grated lemon or orange rind may be added to prepared whole cranberry sauce and used as a relish for poultry or meat. Chill after mixing and before serving.

Frost Heavy As Mercury Dips: The temperature dipped to a season's low of 33 degrees this morning — as reported at the Arendtsville laboratory weather station — and deposited a heavy frost in low areas in most parts of the county.

The frost this morning was more welcome than the winds and rains of the last week-end that are reported to have caused a serious drop of fruit in a number of county orchards, consigning many bushels of apples to the canning factory instead of the packing house.

LITTLE THINGS

There are many little things in this world. You have but to look about you. But in every one of the big things are endless little things. This world could not operate without its liittle things. The moment that a fuse in your home is burned out, your lights go off. And we all recall the horse that lost a nail from his shoe.

A pencil is a little thing, but think of the millions in daily service, and far more efficient than so many of the fancy ball pointed pens and pencils. You don't have to worry about a good pencil. It will last to the very end and give you service as you need it and it always works!

A pin is a little thing but millions are used each day. Many are the little devices and gadgets that have delighted millions. And fortunes have been made through their invention. Buttons in scores of sizes are used each day. They could not easily be replaced — not always with zippers, useful as is that device.

Go into a jewelry shop and note how many little things there are to tempt the lover of beautiful things. The big five and ten cent stores have the little things in abundance, and the man who started such stores created a great and profitable business, though he failed with his first store in upper New York State.

The late founder of the Kansas City Star and Times, Col. W. R. Nelson, once took me into his den at his home and showed me the first issue of the Star, and remarked "I started it with a pair of shears and a paste pot!" The copy was only four pages and tabloid in size. After its founder's death it sold for $10,000,000!

Just Folks

THE OLD-TIME PLAYS

I am tired of these comedies musical,
I am weary of opera bouffe.
I am sick as can be of the problem of three
Worked into an up-to-date play.
I am bored by the hero who's loved by
The wife of another; and Oh,
I am longing today for the old-fashioned play
With the old-fashioned father, who's set in his way,
Commanding his daughter to go,
With the mercury twenty below.

I won't quit the book I am reading
Or move from my easy arm chair,
Or take time to see, howe'er clever it be,
The play of an ill-mated pair.
The wife who is faithless disgusts me;
Her morals I'm certain are bad.
But I would go to view the old play that I knew,
With the son coming back as the mortgage falls due,
To save the old home for his dad,
Though it took every cent that he had.

I am weary of plots that are problems,
I'm sick of these musical rags,
And I'm never amused when a dance must be used
To bolster a story that drags.
I long for the old-fashioned sweethearts
Whose troubles all close in Act Four
When the lost will appears, and the mystery clears
And the villain cries "cur-rses," and then disappears,
When the hero shows him to the door
And everything's lovely once more.

15,000 PUPILS REPORTED ILL

PITTSBURGH (AP)—Nearly 15,000 pupils were reported absent from Pittsburgh public schools yesterday, most of them apparently because of respiratory ailments.

Dr. Arthur G. Baker, director of the Allegheny County Health Dept., said "We have an epidemic of upper respiratory illness—probably not Asian flu—all across the county."

He said the disease is mild and usually lasts only a few days, but advised parents not to ignore it.

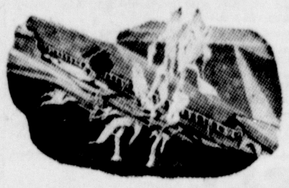

Dr. Horace M. Gezon, chief of the County Public Health Laboratory, said the nature of the illness should be pinpointed in a few days. He said right now it appears to be a pharyngeal-conjunctival fever.

A check of city public schools showed 20.5 per cent absent from elementary schools and 23.4 per cent from high schools. In addition, 159 teachers were absent.

Seven schools in the Quaker Valley Joint School District in the Sewickley area were shut down.

When you are having company for supper and you don't want to serve a salad, have a bowl of water cress, carrot curls or strips and black olives instead.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

Braves' Hopes Rocket After They Even Series In Stadium; Open Home Stand On Saturday

By JOE REICHLER

MILWAUKEE (AP) — Back home with a split in the two games played at Yankee Stadium, the Braves, from Manager Fred Haney down were confident today they would beat the New York Yankees in the World Series.

The odds-makers still made the American League champions a 6-5 favorite.

Elated by his team's fine all-round performance yesterday that backed up Lew Burdette's brilliant pitching with a 4-2 triumph, Haney plans to throw Bob Buhl, the last of his Big Three, at the Yankees tomorrow in the first of three consecutive games at County Stadium.

Battle All The Way

The 18-game winner will be opposed by Bob Turley, New York's hardest throwing pitcher.

Yesterday's game before 65,202 fans was a battle all the way until Hank Bauer rapped into a game-ending force play to leave the tying runs on the basepaths.

"These fellows showed our guys they mean business," declared Casey Stengel, the all-knowing New York manager. "This was a big game for them. They're going to be tougher to beat from now on. Mind you I'm not saying we won't do it but it's not going to be easy. Not from the looks of the way they battled us today."

"Over The Hump"

The usually mild-mannered Haney hurled a veiled challenge at Casey's crew.

"We know we will win now," he said. "We're over the hump. We stood up to those guys in their own back yard and held them even. Now they've got to play us three games in our park. I think pitching will be the key to this series and I know we've got the pitching."

In an effort to make use of as much left-handed batting strength as possible against the right-handed Turley, Haney will open with a revised lineup that will include the spectacular rookie Bob Hazle in place of the veteran Andy Pafko in right field, and probably Frank Torre instead of Joe Adcock at first base. Del Rice, a 500 hitter in the 1946 World Series for the St. Louis Cardinals, will catch Buhl.

Move Covington Up

The batting order will also suffer a slight alteration. Wes Covington, the hitting star of the series up to now, with four safeties in eight times at bat, has been moved up from seventh to fifth, with Hazle batting sixth, Torre seventh and Rice eighth.

Stengel said he would not decide on his third game lineup until after this afternoon's practice session but he indicated one or two changes would be made. He was strongly considering playing Jerry Lumpe, his left-handed-hitting rookie, at third base and moving Tony Kubek back to left field. Otherwise the lineup will remain unchanged.

Haney called yesterday's game "the most satisfying we've played all year."

Praise For Burdette

The biggest praise was for Burdette, the tidgety, 30-year-old side-armer from Nitro, W.Va., who throttled the Yankees on seven hits. A home run by Hank Bauer and a 15-foot dribble-single by Jerry Coleman produced the only Yankee runs.

Burdette's toughest inning, outside of those that saw New York score, was the sixth when Mickey Mantle walked and Enos Slaughter sliced a one-out double to left. The rangy right-hander then made a fine play on Harry Simpson's roller toward third, getting his man by a whisker and keeping the runner anchored. The runners remained stranded when Red Schoendienst threw out Kubek.

Undercurrent Of Bitterness

Lew, once Yankee property, had to fight off another challenge in the ninth. After disposing of Simpson, he gave up singles to Kubek and pinch hitter Lumpe, in between an out by Joe Collins, and suddenly the Yankees had the tying runs on base. But Burdette rose to the challenge by inducing the dangerous Bauer to send a roller to Logan, who threw to Schoendienst for the force play.

"This was the only time I considered taking Burdette out of the game," Haney told newsmen later. "If Bauer had gotten on base, I was all ready to call in Don McMahon from the bullpen to pitch to Gil McDougald."

There was an undercurrent of bitterness on both sides. The Yankees rode the Braves hard all through the game and the visitors retaliated in kind.

PLAN UNIFORMS FOR FAIRFIELD BOYS' LEAGUE

All players in the Fairfield Lions Baseball League for youngsters will wear full uniforms next season, it was decided at a meeting of league officials Thursday evening at Fairfield High School.

A turkey dinner will be held Saturday, December 7, at the Cashtown fire hall as a means of raising money for the purchase of the uniforms.

Richard Straup, director of the league, has named the following committee to be in charge of the turkey dinner: William Hower, Cashtown, general chairman; Don Weikert and George Sites, Fairfield; "Sparky" Spence, Orrtanna and George White, Mummasburg.

Clark Spence, Orrtanna R. 1, has been named as the league treasurer.

SIDELIGHTS ON WORLD SERIES

By BEN OLAN

NEW YORK (AP) — The Series' relief pitchers — Bob Grim and Art Ditmar of the Yankees and Don McMahon and Ernie Johnson of the Braves — have turned in 9 2-3 innings of shutout ball. Together, they've yielded only four hits, walked one and struck out seven.

The 10 runs scored thus far—five by each team—is the lowest total for the first two games since 1951 when the Giants beat the Yanks 5-1 in the opener and the Yanks took the second 3-1.

The last Braves pitcher before Burdette to go the distance in a Series was Johnny Sain, for whom Burdette was dealt by the Yanks along with $50,000 in 1951. Sain turned the trick in the fourth game of 1948 against Cleveland.

Forty-one year old Enos Slaughter, who played in his first Series in 1942 with the Cards, boosted his Series average to .313 with a double in three trips. Slaughter has 21 hits in 67 times at bat in 19 games.

Incidental info about tomorrow's pitchers: Bob Buhl finished with a 2.69 earned run average, went the distance 14 times in 31 starts and gave up 15 homers in 217 innings. Turley compiled a 2.71 ERA, had nine complete games in 23 tries and yielded 17 home runs in 176 frames.

The Yankees have made the only three errors — by Mickey Mantle, Tony Kubek and Elston Howard. The Braves, meanwhile have handled 73 chances flawlessly.

Wes Covington, who leads the Braves in batting with .500, four hits in eight trips, also has struck out the most times among the players on both clubs. Wes has fanned three times while Johnny Logan, Ed Mathews and Hank Aaron of Milwaukee and Hank Bauer and Enos Slaughter of New York each have two strikeouts.

Logan's homer was his first since Aug. 14 when he connected off Cincinnati's Brooks Lawrence.

OPEN RYDER CUP BATTLES TODAY

LINDRICK, England (AP) — Star American and British professional golfers open their battles for the Ryder Cup today—and the sponsors are sure of a profit before even a stroke is made.

The Fairy Godfather of British professional golf—wealthy Northern industrialist Sir Stuart Goodwin—swept away all money headaches for the British PGA with a gift of $28,000.

He told them: "Here's the money. You can keep all the profits." And he suggested the match might go on at little-known Lindrick, his home club.

The British PGA naturally fell in with that suggestion.

The Ryder Cup match opened today with Scotch foursomes. Four pairs of Americans met four pairs from the British Isles with the eight singles to be played on Saturday.

It is 24 years since Britain defeated the United States in the Ryder Cup. Experts say that if Britain does not do it this time then they never will. The Americans have won the Cup nine times and Britain twice.

Wanted: 60 Boys To Sign For New Baseball League

Plans have been begun by the Recreation Association for the formation of a long-needed baseball league for boys 16 to 19 years of age, inclusive, for next summer.

At least 60 boys will be needed if the league is to be formed.

Johnny Toggas, acting Recreation director, has revealed that plans for a new field for the league have been developed and already sponsors have been secured for teams.

All boys who wish to play are urged to sign up Saturday morning from 9 to noon at the Recreation office in the high school building. Those unable to sign up Saturday morning may do so next week but Toggas pointed out that a large number is needed for Saturday to insure a league.

SAYS "RIDING" FROM YANKEES' BENCH HELPED

By JIM KENSIL

NEW YORK (AP)—A study in first base footwork: Joe Adcock of Milwaukee, who hardly bothers to brush the bag on routine plays, and Suitcase Simpson of the Yankees, who is constantly looking over his shoulder waiting for the "out" sign before giving up his foothold. On one play, Del Crandall's sharp bunt to third in the seventh inning of the second game, Simpson just walked out to meet the throw from Tony Kubek on what might have been a close play had he stretched for the toss.

The Braves apparently have the right "book" on Kubek. The ground ball close to the third base line is one play the all-round rookie star has trouble making.

Bill Skowron, the first of four Yankee first basemen to have played in this series, was still very much in pain yesterday after re-injuring his back in Wednesday's opener. His back is badly twisted and his hips are out of line. The sacroiliac condition could possibly end his career at the age of 26.

Coleman, Covington Lead

Of the regulars, Jerry Coleman (.600) of the Yanks and the Braves' Wes Covington (.500) took the Series fattest batting averages to Milwaukee, but Hank Bauer, New York rightfielder, had a Series consecutive hitting streak of nine consecutive games. He hit in all seven contests last year, doubled in the first game and homered yesterday.

What did plate umpire Jocko Conlan say to Art Ditmar when the Yank pitcher sent Crandall to the dirt with a close pitch in the seventh? "It's hard to see out here," the man in blue remarked with a bit of an edge on his voice. Ditmar nodded in agreement. Afterwards, Art said, "I knew what he meant."

"Began Fighting"

Crandall, one of the Braves' field leaders, said the Yanks bench began riding the visitors hard in the second inning, and the Yank strategy really woke up the Milwaukee team. "We had been kinda' quiet until then," Del said, "but the boys got mad and began yelling back and—well, I guess we began fighting back, too."

Milwaukee will be glad to get back home where the crowd figures to be just about 100 per cent on their side. But they didn't lack rooters at the Stadium. It wasn't so much that the people were pro-Milwaukee. They just seemed to want somebody besides the Yanks to win.

TOP TEN LOOK LIKE REPEATERS THIS WEEKEND

By ORLO ROBERTSON

If there is trouble brewing for the nation's top 10 college football teams tomorrow, it doesn't show in comparative scores.

In going undefeated in 14 games, the teams comprising the first 10 in this week's Associated Press poll have rolled up a total of 460 points while holding their opponents to 72.

By contrast their opponents have won only 5 lost 10 and tied 3. In the 18 games, they scored 189 points while yielding 256.

Picks Sooners Again

Not one from top-ranked Oklahoma on down to 10th-rated Michigan has been really tested. It will be an upset if any are beaten tomorrow.

Potent Oklahoma, idle last week after blanking Pitt 26-0, goes after its 42nd successive victory, against Iowa State (1-0-1). Oklahoma has not been beaten by a Big Eight conference team since Coach Bud Wilkinson took over 10 years ago.

Second-ranked Michigan State, 1-0 after blasting Indiana 54-0 in the Spartans' opener, meets winless California (0-2) in the TV Game of the Week.

Others In Top 10

The remainder of the top 10 line up like this:

Minnesota, 46-7 conqueror of Washington, meets Purdue, 0-1 after losing 12-0 to Notre Dame. Duke, 2-0 with a 26-14 conquest of South Carolina and 40-0 victors over Virginia, takes on disappointing Maryland (0-2).

The Texas Aggies, with a 21-13 victory over Maryland and a 21-0 blanking of Texas Tech, meet Missouri, 0-1 with a 7-7 tie with Vanderbilt and 35-13 victory over Arizona.

Navy, considered by many experts to be the best in the East after thrashing Boston College 46-6 and William & Mary 33-6, clashes ith North Carolina (1-1). Auburn, surprise 7-0 conqueror of Tennessee in its lone effort, should have no trouble against Chattanooga (1-0-1).

Other Highlights

Iowa's Hawkeyes, who showed a great potential in downing Utah State 70-14, are at home to Washington State (1-1). Oregon State, with 20-0 victory over Southern California and 34-6 over Kansas, also steps out of its league for a clash with Northwestern (0-1).

Michigan, figured to be one of the title threats in the Big 10, entertains Georgia (0-2) after turning back Southern California 16-6 in its only other start.

Elsewhere Saturday in major games include:

EAST—Princeton at Columbia, Florida State at Villanova, Army at Penn State, Dartmouth at Penn, Dayton at Holy Cross, Boston Univ. at Syracuse and Brown at Yale.

LIGHTWEIGHTS FIGHT TONIGHT

WASHINGTON (AP)—Johnny Busso, a rising star among lightweights and Ernie "Sonny Boy" Williams, a home town boy getting his first crack at main event money, clash tonight in a 10-round bout at Capitol Arena.

Busso, 23-year-old New Yorker, is a 2-1 favorite to mar Williams' debut as a fighter on television. The bout will be on the usual Friday night radio-TV (NBC) hookup beginning at 9 p.m. (EST).

Busso only recently burst into prominence. He upset Larry Boardman last summer, then pressed Ralph Dupas to the limit before bowing to the New Orleans contender in late August. Johnny lists highly ranked Orlando Zuleta among his 30 victims. Of his wins, 14 have been knockouts. Busso has lost five bouts and drawn one.

Williams, 21, shows a 19-3-1 record. He has flattened nine. Undefeated this year, Sonny Boy's last setback was a knockout by Earl Dennis of New York in June 1956. Busso outpointed Dennis twice in 1953.

Warriors, Bullets Play Away Tonight; Squires At Home

Local football fans will have three games from which to choose this evening, two scholastic affairs and one collegiate game.

Gettysburg High's Warriors journey to Chambersburg for their initial South Penn Conference game. Despite losses to Hanover and Delone after a win over Scotland, Chambersburg has been favored to win. However, the big improvement shown by the Warriors (1-1) last week in winning over Shippensburg may mean trouble for the Trojans.

Delone Catholic entertains hapless Lancaster Catholic at McSherrystown. The unbeaten Squires should have little trouble in chalking up their fourth straight against the Crusaders who have appeared weak in dropping three straight.

Tonight Gene Haas' Gettysburg College Bullets go after their second straight of the current season against Western Maryland on Small Athletic Field, York, the game being sponsored by the Sertoma Club of York. The Bullets are heavy favorites against the Terrors but must guard against over-confidence.

All games tonight are at 8 o'clock, including the Bullet-Terror game.

SLAUGHTER'S PLAY IN 4TH WAS CRUCIAL

By TED SMITS

NEW YORK (AP) — The Milwaukee Braves are back in business in the World Series, all even with the New York Yankees, but might things have been different if the veteran Enos Slaughter had thrown to the plate instead of to third in the big fourth inning?

The score stood 2-2 and conceivably the Yankees might have avoided further damage instead of bowing as they did, 4-2.

Here was the setting:

Joe Adcock opened with a single to left field. Andy Pafko dropped one in the same place, sending Adcock to second. Wes Covington blooped a single over Gil McDougald's head. Adcock, a big man and not the fastest base runner in the business, lumbered for home.

Seemed Better Chance

Enos Slaughter fielded the ball and threw to Tony Kubek at third in an effort to catch Pafko.

"It looked like Slaughter was gonna throw home instead of to third," said Manager Casey Stengel afterwards. "It looked like a better chance at home."

Instead, Slaughter's peg got by Kubek, who was charged with the error, and Pafko followed Adcock across the plate. That was the ball game.

If Adcock had been tagged out at the plate, the game might have taken on a different complexion. Slaughter himself, one of the gamest of baseball players and a never-say-die guy despite his 41 years, shrugged off any second guessing.

ARMY AND STATE READY FOR TILT

UNIVERSITY PARK, Pa. (AP) — Army and Penn State scouts shouldn't have any problems in eavesdropping on each other for last minute bits of information that might be used when the two football teams clash here tomorrow.

The cadets were en route to Penn State campus here in Central Pennsylvania where they will loosen their muscles after a plane and a bus trip last night from West Point to Philipsburg, PPa.

The cadets—44 strong, including coaches, managers, trainers and players—arrived by bus at the Philips Hotel 20 miles from State College last night.

The two teams will meet tomorrow, on Beaver Field where the Nittany Lions will try for their second win of the 1957-58 season.

Gettysburg Junior High missed on one golden scoring opportunity midway in the fourth quarter and was forced to accept a scoreless tie with Washington Township here Thursday evening as both teams opened their seasons and South Penn Junior High League campaign.

Coach Ray Ellis' lads were presented their chance after holding the visitors and taking possession on the Gettysburg 47. Ronnie Frew, quarterback, then fired a 15-yard pass to Terry Hise, end, and the latter streaked to the Washington Township 4-yard line before being forced out of bounds.

At that point the invaders put up a fine goal line stand and took possession on the 9 with less than two minutes remaining. Murdorff punted out to Greg Maitland on the Braves' 45. Taking to the air, the Braves suffered a 15-yard penalty for pushing interference and the game ended shortly thereafter.

Defensive Game

It was strictly a defensive game with neither team being able to move consistently, play being confined mostly to midfield.

Early in the second quarter Frew passed to Hise for a first down on the Washington Township 46 and Howard Miller carried for a first down on the 33. The drive broke down and, after an exchange of recovered fumbles, the half ended with the visitors in possession on the Gettysburg 45.

Maitland returned Mundorff's second-half kickoff to his 24. A little later Washington Twp. intercepted on the Gettysburg 35 and almost immediately the Braves stole a pass on their 14. Dale Smith picked up a first down on the 26. A delaying-the-game penalty cost Gettysburg 5 yards to put the ball on the 20 as the third period ended.

The fourth period was highlighted by the Braves' scoring threat on the long Frew-to-Hise aerial.

Hise Named Captain

Prior to the game the Gettysburg squad elected Terry Hise as captain for the season. Each week there will be two additional co-captains—a lineman and a back. Ronnie Frew, quarterback, and Bob Garret, tackle, were the co-captains for the opening game.

Next Thursday the Braves meet Shippensburg on the latter's field at 2 p.m.

The linups:

Washington Twp.	Gettysburg
Ends—Carbaugh, Ford	Ends—Hise, Ecker, Kint
Tackles—Starliper, Haefner, Stoler	Tackles—Cullison, Garrett, Baker
Guards — McKendrick, Gilarmo, Schlegel	Guards—Ditzler, Ramer, Holoka, Harold Miller
Center—Fitz	Center—Doaks
Backs—Vincent, Murdorff, Hogan, Bittner, Needy, Manahan	Backs—Frew, Maitland, Duane, E. Miller, Smith, Howard Miller McCleaf

Score by periods:

Washington Twp.	0	0	0	0	0
Gettysburg	0	0	0	0	0

AILING YANKEE GOLFERS LEAD BRITISH FOES

LINDRICK, England (AP) — The flu-riddled United States Ryder Cup golf team took the lead over Britain's top professionals in three of four Scotch foursome matches at the 18-hole stage today.

As the two-day international competition opened on the short but rugged Lindrick course in the north of England, the Americans moved out ahead in all but one of the 36-hole alternate-stroke matches. The other one was even after the morning round.

The foursomes are played by two-man teams with partners hitting alternate strokes with the same ball. Eight singles matches will conclude the biennial competition tomorrow. All matches are over 36 holes.

Here's how the foursomes stood at the halfway point:

Doug Ford, Mahopac, N. Y., and Dow Finsterwald, Tequesta, Fla., one up against England's Peter Alliss and Bernard Hunt.

Art Wall Jr., Pocono Manor, Pa., and Fred Hawkins, El Paso, Tex., even with Dai Rees and Ken Bousfield.

Ted Kroll, Ft. Lauderdale, Fla., and Jack Burke, Bellaire, Texas, one up against Max Faulkner and Harry Weetman.

U. S. Open Champion Dick Mayer, La Jolla, Calif., and Tommy Bolt, Los Angeles, three up against Christy O'Connor, Ireland, and Eric Brown, Scotland.

Frightening, isn't it? You see a picture like this and suddenly you feel as if you are standing at the edge of a chasm in the dark. You are confronted with the threat of the unknown, and you don't like it.

Why, you wonder, does it have to be like this? Why can't men live together in peace?

We all need the courage to face the unknown future unafraid. We need to find and to develop love, understanding, and peace of mind. But to attain our goal, we need help. That help can be found in the Church, which gives us Faith.

On World Wide Communion Sunday—millions of men and women will unite in solemn observance of one of Christianity's holy sacraments. There will be new faces at thousands of altars, men and women who have only recently begun to realize where man's Hope is to be found.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

PAUL WRITES TO THE CORINTHIANS

I Corinthians 1:1-3, 10-15, 21-25

Key Verse: I decided to know nothing among you except Jesus Christ and him crucified. I Cor. 2:2.

To understand fully the conditions which were disturbing the church at Corinth and the reports which were brought to Paul while he labored in Ephesus, one must know something about the environment of Corinth and the difficulties it presented. Paul had established the church there four or five years before and now it was in danger of being split by various factions.

Oral reports had come through "Chloe's people," Christian servants who visited Paul at Ephesus. Soon after, three representatives from the Corinthian church arrived with a letter containing a number of specific questions which needed to be answered. It was in response to this appeal that Paul wrote his first letter to the Corinthians and sent it back with the delegation. The first six chapters deal with the problems presented by Chloe's servants, and the rest with specific matters of church policy raised by the letter.

A Christian Statesman

Paul was more than a Christian pastor and missionary; he was a Christian statesman whose strategy was to found the Church in great commercial centers, believing that it would be carried to all parts of the world. His missionary journeys were not haphazard tours without a definite plan. On his second journey he had stayed in Corinth 18 months. There he had met Aquila and Priscilla who not only assisted him in establishing a Christian congregation but helped provide the means whereby he could support himself. They plied the same trade as he — tent making. There he had also baptized Crispus and Sosthenes, rulers of the synagogue.

Corinth was one of the largest and richest cities of Greece but the ancient city had been destroyed in 146 B.C. A new Roman city replaced it about 46 B.C. and this is the city Paul knew — one of four main cities of the Roman Empire (the others being Rome, Ephesus, Antioch) which formed the backbone of the commerce of the Empire. It had a floating population, about half slave and half free, of sailors, traders, and artisans. Located on the greatest trade route and possessing natural harbors it was "a renowned and voluptuous city, where the vices of the East and West met." Noted for its wickedness and the licentious worship of its goddess Aphrodite (Venus) in her magnificent temple with 1,000 priestesses, Corinth was a den of iniquity where pagan practices were hard to combat.

Had No Church

The church situation there was partly the result of this environment. The membership came chiefly from the lower classes, although many slaves were better born and educated than their masters. But they had no church buildings and met in halls, homes, or wherever they could. Each group had its own leadership and the small congregations were developing into rival competing units instead of cooperating units in the cause of Christ. One group would say, "I belong to Paul;" another, "I belong to Apollos," or "I belong to Cephas." Naturally some were attracted to one leader more than another because of temperament or training The sophisticates liked Apollos, the plainer people, Paul, the Jewish Christians, Peter.

Paul began by tactfully criticizing his supporters. "Is Christ divided? Was Paul crucified for you?" he asked. Christ is for all and they must bring unity out of individualism. So Paul concentrated on two things: that Christ is Lord and Savior and head of the Church; and that the love of God which all believers enjoy is both the power of God and the wisdom of God. This is the source of true unity in the Church and qualities which are often considered weak — patience, endurance, forgiveness — are those which provide spiritual strength and power. "For the foolishness of God is wiser than men, and the weakness of God is stronger than men."

When frictions and factions develop today in the churches Paul's advice is just as timely. Some look for physical miracles and scientific proof; others try to rationalize about faith; a few want emotional experience as proof of their faith. Paul's answer to them is, "but we preach Christ crucified, a stumbling block to Jews, and folly to Gentiles."

ASK U. N. TODAY TO BACK WEST ON DISARMAMENT

UNITED NATIONS (AP) — The United States was expected to ask the U.N. Assembly today to endorse Western disarmament proposals by instructing the Disarmament subcommittee to renew negotiations on the basis of the Western plan for arms cuts — and no others.

Informed diplomats said the United States would have no part of amendments asking the Assembly to endorse Indian, Japanese and Soviet proposals for suspension of nuclear weapon tests immediately.

The West has said it would stop atomic tests only if the Soviet Union agreed to a conversion at the same time — under international supervision — of all atomic production to peaceful purposes.

Compromise In February

The United States compromised in the Assembly last February by agreeing that the world forum should recommend all disarmament proposals — Western, Soviet and others — for the subcommittee's "prompt attention." As a result, a disarmament resolution passed unanimously.

But now, the diplomats said, the United States feels that any such catch-all endorsement would equate the latest Soviet proposals with the latest Western proposals and give the former more credit than the Americans think they deserve.

Britain, Canada, France and the United States put the new Western plan before the Soviet Union Aug. 29 in subcommittee talks in London. The talks recessed in deadlock Sept 6

Report 200,00 Asian Flu Cases

NEW YORK (AP) — The city has more than 200,000 cases of suspected Asian flu.

Two upper respiratory ailment deaths have been reported, but the exact flu type has not been determined.

Hospital clinics were jammed yesterday, and school attendance still was down about 20 per cent. Teacher absenteeism was an abnormal 7 per cent.

Dr. Herman E. Hilleboe, state health commissioner, said the situation here is "potentially serious, but as of today it is not serious."

Fifteen of the 28 municipal hospitals treated 5,729 cases Wednesday, or 28 per cent more than the day before. Hospital figures for yesterday have not yet been compiled.

Authorities said influenza — exact type unkown—played a part in the deaths of Carla Brown, 9, Brooklyn, and William Dodds, 42, carpenter aboard the British ship Britannica.

Murder Trial Is Ready For Jury

EASTON, Pa. (AP)—The murder trial of Mrs. Ethel Kresge, 44, of Bethlehem, Pa., was expected to go to a Northampton County Court jury today.

The jury will receive the case after final summations by the prosecution and defense. Both sides ended their cases yesterday.

Mrs. Kresge insisted under cross examination yesterday that she couldn't remember firing the shots that killed her husband, Joseph.

She insisted that her husband, during an argument, fired his service revolver first at her and then handed her the gun. She said she apparently blacked out when she took the pistol.

ATOMIC TEST SITE, Nev (AP)—The 24th and final atomic blast in the current test series is now scheduled to be fired at 5 a.m. tomorrow. It was to have been set off early today but was postponed last night because of winds.

Ever prepare "steeped" coffee? To make it, pour boiling water over the coffee and let it stand over very low heat about 10 minutes. Be sure to keep the heat so low that the water doesn't simmer. Throw in a tablespoon or so of cold water and the grounds will settle. Then strain and serve at once.

HEAR EVIDENCE IN TAX ACTION

NEW YORK (AP) — The government has produced evidence about expenditures for expensive autos, clothes and cigars in building up its income tax claim against Frank Cole, of Mount Pocono, Pa., a convicted lottery ring leader.

Cole is protesting in federal tax court here against an income tax assessment of $1,421,979 for the years 1946 and 1948-50.

Testimony continues today.

After Cole's lawyer rested his case yesterday, special internal revenue agent Ray Mascari of Syracuse, N.Y., traced Cole's ex-bulk stack of invoices and affidavits.

Mascari said Cole testified in 1953 at his wife's Reno divorce proceedings that he was nearly broke.

Other testimony by Mascari included statements that Cole and his second wife, Helen, maintained bank accounts in Albany, Syracuse and Watertown, N.Y.; and that the witness explored the former wife's bank account, and she told him it had accumulated from weekly allowances from Cole.

The Internal Revenue Commission has filed a jeopardy assessment against Cole at Mount Pocono and at Albany and Syracuse to secure any property he might own.

BAKED IN A FRY PAN

Any skillet's a spare oven on a GAS Burner-with-a-Brain

The cake shown in the picture was *actually* baked in an ordinary fry pan, on *top* of a new GAS range.

We just poured regular cake batter into a well greased, 9-inch heavy porcelain skillet. The result is oven-perfect. The automatic temperature control on the GAS Burner with a Brain is as precise as an oven control.

Just think! You can bake a cake or potatoes on top of the range while you have a roast in your regular oven.

And it's all *automatic*. Instead of you standing around watching and waiting to raise or lower the flame — the new GAS Burner with a Brain adjusts itself. A special sensing unit turns the flame way up at first. When the temperature's exactly right, it turns the flame down to hold the heat you dialed.

Foods won't burn. Pans won't scorch. You never have messy boil-overs to clean up.

Those modeling fashions from Baker's will meet on Tuesday morning, 9 o'clock, in front of Boydie's, E. King St., to go to Baker's and be fitted with fashions, if they have not already done so. Rehearsal for all participating in or assisting with the event in any way will be held at 7 p.m. on Wednesday in the school auditorium.

Arrangements for "Harvest of Fashions" are in charge of the membership committee, composed of Mrs. Conrad C. Hull, Mrs. Glenn E. Crouse, Mrs. Francis Gerrick, Mrs. Charles W. Hood, Mrs. Malcolm B. 5 Inches Of Snow Blankets Some Areas

By THE ASSOCIATED PRESS

Wintry weather spread across northwestern sections of the nation today with snowfall up to 5 inches and temperatures in the 20s.

More rain and cloudy weather was the dreary picture in the Southeast but it was generally fair in most of the central and northeastern sections of the country.

An intense storm centered near Yellowstone Park in northwest Wyoming generated strong, cold winds which swept across wide areas from the Great Plains to the Pacific Coast.

NOTED REPORTER PASSES AWAY

ORLANDO, Fla. (AP)—Walter Duranty, 72, former New York Times foreign correspondent and winner of the Pulitzer Prize in 1932, died yesterday after an illness of three weeks.

He won the prize in 1932 for a series of articles in Russia, where he was a correspondent from 1921 to 1934.

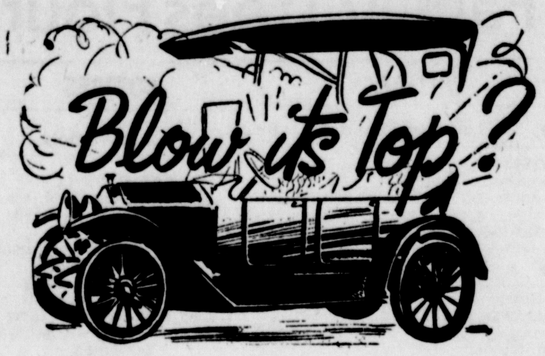

Duranty studied at Harrow, Bedford and Emmanuel College, Cambridge, and won classical scholarships at each. He graduated from Cambridge and for seven years thereafter led a footloose life in England, France and the United States.

He joined the Times' Paris bureau in 1913 and during the first World War was a correspondent with the French army on the Western Front.

He was a native of Liverpool, England.

He was well known as an author. In 1929, he won the O. Henry Short Story Prize for a fiction piece on Russian life. Among his best known major works are "U.S.S.R." and "Stalin and Co.," written in the 1940s.
